About me

I am a final-year Computer Engineering student at the Polytechnic Institute of Beja, passionate about applying Python, Artificial Intelligence, and Cybersecurity to real-world challenges.

I have practical experience from my IT internship at Boliden SOMINCOR, where I worked with Active Directory, VMware, Veeam, SCCM, and network management, including technical operations 1,000 meters underground.

Through my Erasmus semester at Vilnius Tech, I developed strong adaptability, teamwork, and communication skills in an international environment.

Alongside my technical background, I have over five years of customer service experience, which enhanced my empathy and ability to communicate effectively with different audiences.

My goal is to combine technical knowledge and human-centered thinking to create innovative, secure, and efficient digital solutions.

Work experience

IT Internship – Systems, Networks and Cybersecurity | Boliden SOMINCOR | 01/07/2025 - 30/07/2025 | Castro Verde, Portugal

Assisted in managing Active Directory, user permissions, and Group Policy Objects (GPOs).

Supported network maintenance, access control, and endpoint management through SCCM.

Helped in configuring VMware virtual machines and performing Veeam Backup & Recovery operations.

Collaborated with IT teams on incident response and system monitoring.

Contributed to equipment setup and configuration 1,000 meters underground in the mining infrastructure.

Customer Service Assistant | Meu Super (Alcáçovas) | 05/10/2020 - Current | Alcáçovas, Portugal

Customer service and sales assistance in a retail environment.

Stock management, cash operations, and coordination with suppliers.

Supervision and training of new team members.

Developed communication, problem-solving, and teamwork skills through daily interaction with clients.

Student Ambassador – Magma Studio Program | Magma Studio | 01/10/2023 - 01/06/2024 | Beja, Portugal

Represented the Magma Studio program on campus, promoting innovation, entrepreneurship, and collaboration among students.

Assisted in organizing workshops and community activities to foster engagement between students and local partners.

Supported communication between students, staff, and program coordinators.

Developed leadership, public speaking, and project coordination skills.

Education & Training

Bachelor's Degree in Computer Engineering (ongoing) | Instituto Politécnico de Beja (IPBeja) | 01/09/2022 - Current | Beja, Portugal

Field of study Computer Engineering / Information Technology | Level in EQF 6

Language Skills

Mother tongue(s): **Portuguese**

| | Understanding | | Speaking | | Writing |
|----------------|---------------|---------|-------------------|--------------------|---------|
| | Listening | Reading | Spoken production | Spoken interaction | |
| English | C1 | C1 | B2 | B2 | B2 |

Skills

Python (computer programming) | Programming (Python, Java, C++, sql) | Data Analysis Visualization | Systems & networks | Software Development and Software Engineering | Web development | AI & automation | Cybersecurity fundamentals
